

BIO-CIRCLE GUN CLEANING SYSTEM

SELF-RENEWING & SELF-REGENERATING PARTS CLEANING SYSTEM FOR GUN CLEANING

Issue: Traditional gun cleaning methods used solvents (kerosene, acetone, etc.) in order to clean & degrease parts and components. Not only harmful and dangerous to the user, traditional methods produce a hazardous waste stream requiring costly disposal.

Application: For the removal of light and medium oil, grease, and carbon build-up from gun parts and components.

Recommendation: The Bio-Circle Gun Cleaning System uses a powerful, non-toxic cleaning solution infused with microbes that breakdown oil, grease, and carbon. Safe for the user and environment, the Bio-Circle system produces zero solvent waste. The system is for all types of weapons cleaning and ideally suiting for hand guns, rifles, shot guns and all other traditional firearms.

SAFE

**SOLVENT-FREE, ZERO VOCS,
NON-FLAMMABLE, NON-TOXIC**

EFFICIENT

**PH NEUTRAL, WARM OPERATION
TEMPERATURE, CORROSION INHIBITORS,
MINIMAL PPE**

ENVIRONMENTALLY SUSTAINABLE

**ZERO SOLVENT WASTE, REUSABLE
SOLUTION, BIODEGRADABLE, ECOLOGO,
NON-REPORTABLE**

NFPA Diamond - with all zeroes, Bio-Circle presents no health, fire or reactivity danger.

ECOLOGO - The Environmental Choice program certifies the Bio-Circle is safe for the user and environment.

BIO-CIRCLE GUN CLEANING SYSTEM

A SAFER AND MORE EFFICIENT SOLUTION
FOR YOUR GUN CLEANING NEEDS

OMNI

Cleaner, Lubricant, Protector
Capable of removing stubborn grease and oils, dissolves flash rust and graphite, exhibits excellent penetration and lubricating capability and protects surfaces from oxidation.

BIO-CIRCLE L

Safe, Eco-Friendly & Efficient.
Bio-Circle L Cleaning Fluid is included in your Start-up Kit.

BIO-CIRCLE MINI

Dimensions: 29L x 28W x 44H in
Tank Capacity: 24 gal (90 L)
Power: Standard 120V
Order Number: BCK-100CS

Start-up Kit includes machine and five 20L containers (part no. 55-A 007) of Bio-Circle L cleaning solution, 4 scheduled system cleanings.

Price: \$1395.00

BIO-CIRCLE MAXI

Dimensions: 38L x 27W x 43H in
Tank Capacity: 37 gal (140 L)
Power: Standard 120V
Order Number: BCK-600CS

Start-up Kit includes machine and six 20L containers (part no. 55-A 007) of Bio-Circle L cleaning solution, 4 scheduled system cleanings.

Price: \$1595.00
